### **SPORTS CARS OPEN/CLOSED:**

Kevin Mackrell ..... 50.63

**CLUBMAN:** Richard Wright..... 55.71

# The South East Radio Group

## **Are you technically minded? Do you enjoy electronics? Or do you just want to give back to the community?**

The South East Radio Group could be what you are looking for. Based in the Limestone Coast the South East Radio Group do many radio based activities.

Amateur Radio is a popular hobby and service that brings people, electronics and communication together. People use amateur radio to talk across town, around the world, or even into space, all without the Internet or cell phones. It's fun, social, educational, and can be a lifeline during times of need.

A revival of modern communication and experimentation occurred in 2005 with morse code no longer being required, and the creation of the 'Foundation Licence'. This is a most popular entry point into Amateur Radio, being taken up by many young people, and others, who in the past would never have made the first step.

The modern radio amateur is a person whose life has seen the impact of television, Internet, mobile devices and the space age. Each of these technologies is reflected in Amateur Radio, through digital radios and modern communication methods, while still retaining the classic appeal of the 'wireless'. It is a hobby that has survived the industrial revolution and the electronics age and continues to grow with a unique appeal through this digital era.

If you are interested in finding out more about Amateur Radio and club activities visit our website

# EVENT DIRECTORS REPORT

## ***Welcome to the 13th Trident Tyre Centre Legend of the Lakes Hillclimb.***

This year, you as a spectator, competitor, or valued supporter of the Event, will notice some big changes. Teaming up with Koonara Wines, the Event Launch Party will be a great way to get up close to the cars in a relaxed atmosphere while enjoying some of the Regions best food and wine.

Three big days of racing will follow starting on Friday, which was originally for historic vehicles, but now includes local SEAC Members. Saturday and Sunday sees two full days of action packed competition, with over 140 competitors battling it out to be crowned the Legend of the Lakes.

With such a spectacular track layout we have made the decision to give you a much better viewing experience with the addition of two big screens. The bottom screen will be a family friendly atmosphere, set in the shade between the start line and the edge of the lake.

This Event is not possible without the support and backing of the City of Mount Gambier, our very generous sponsors, and the volunteers, who spend many hours working hard to put this all together.

On behalf of the 2018 Hillclimb Committee and the entire Club, I would like to take this opportunity to wish you a happy and successful Event as Competitors, and a fun experience as spectators. To the Sponsors, a massive thank you. This Event is not possible without your generous support and we hope you enjoy your weekend of festivities in your Corporate area over the following three days.

***Kevin Raedel***

2018 Event Director

# RUNNING SCHEDULE

## ***FRIDAY 9TH NOVEMBER***

7:30am	Scrutineering
8:00am	Drivers Briefing
9:15am	Reconnaissance Run
9:30am	Competition to Start
5:30pm	Book-in for Saturday/ Sunday Competition

## THANK YOU!

***The South Eastern Automobile Club of SA Inc wishes to thank the City of Mount Gambier for their valued support in assisting with the setting up and running of the "Legend of the Lakes" Hillclimb.***

The Hillclimb committee wishes also to thank Local Service and Sporting Clubs, Transport and Hire Companies, Recovery, Paramedics, Fire Personnel and First Aid, our valued sponsors and any other personnel involved in either the setting up and packing up of the course or assisting with the running of the Event. A special thankyou to all voluntary personnel, who have offered and given many hours of assistance, to make this event what it is today, one of the best Hillclimbs in Australia.

## GREG GARTNER

South Australia's Greg Gartner Motorsport is at the forefront of offroad racing in Australia, competing in both long course offroad events such as the Finke Desert Race in an Extreme 2wd Ford F150 Trophy Truck and also in the Stadium Super Truck Series held in conjunction with V8 Supercar rounds Australia wide.

Greg Gartner's thirty year love affair of racing in the dirt, started in Speedway then evolved in to Off Road Racing at the highest level. When Robby Gordon's Stadium Super Trucks burst on to the scene in 2015, Greg added tarmac to the mix and has been a regular at events such as Clipsal, Gold Coast, Townsville, Darwin, Sydney and Perth over the past three years. This weekend Gartner will unleash his Ford V8 powered Trophy Truck at the Legends of the Lake Hillclimb for the first time.

Along the way Greg has clocked up multiple Australian Off Road Racing championship class titles and was the first driver, with navigator Jamie Jenning to win the prestigious Finke Desert Race in a Trophy Truck. In 2017 Gartner debuted his new American built #410 R&J Batteries Geiser Bros Trophy Truck with success, taking the outright win at the 2017 Rainbow Desert Enduro CAMS AORC round and at the 2018 Riverland Enduro ARB AORC round.

"The Stadium Super Trucks have proved to be a show stopper at all the Supercar races we have been a part of and our trophy truck has been a crowd favourite at the Teagle Excavations ARB Pines Enduro each year at Millicent. This weekend it will be exciting to bring many of the elements from desert racing and the stadium trucks to the Legends of the Lake and showcase the sport we love."

## #410 FORD TROPHY TRUCK SPECIFICATIONS

### ENGINE

700+ HP Dry Sumped All Alloy 6 Litre Ford V8 built by Dougans Race Engines in the USA and maintained by Craig Carrison Race Engines

### GEARBOX

Six Speed Sequential Albins ST-6 with Torque Converter
