MOTORKHANA

A good entrant list of 26 competitors for the days competition would indicate that some were looking to gain some valuable points to add to the tally of past outings.

The series scoring is best 4 of 5 rounds, so there is a slim chance that the score could be bettered if there was an “ordinary” round in the past, as most would have experienced.

Driving his very quick “special” that normally has trouble clearing when driving over a white line, Mike Exell took on the challenge and out some bigger wheels on the “Itsahondatoo” special to give it some ground clearance. The pocket rocket revelled in the sometimes quite rough conditions and ended up light years ahead of the rest of the pack, finishing with outright honours with a total time of 520.63 seconds needed to cover the 16 tests that director, Paul Height, and his band of merry helpers, had selected for the day.

Mike Exell

MOTORKHANA Round Five – SEAC Park – 8/6/2019

Wayne Casey

Next in line, Patrick Hitchcock’s Peugeot 205 GTi proved up to the task amassing a total time of 578.24 seconds to get him second outright points, some 19 seconds clear of our Adelaidian local, Wayne Casey, steering his Mazda MX5 around the divots to make third outright with his total of 597.00 seconds.

Ken Trimnell, ever the smooth steerer, was the next on the list with the Suzuki swift getting home in 603.92 seconds for fourth outright.

Junior, Bradley Harry, also showed good car control to keep the Toyota Starlet “on the boil” to finish just behind Ken with a total of 605.81 seconds to get fifth outright.

Big car pilot, Phil Wilson, came out and gave his rally prepped Toyota Soarer a shake down run. Able to enjoy the “rough”, he skated around and finished with a total of 605.94 seconds, just a skid behind Bradley, a difference of 0.13 of a second between the two very different cars.

Thank you to all of the volunteers who helped at the round
5 motorkhana @SEAC park on the 8th of June.

Ken Trimnell, Leanne Doddridge, Patrick Gorback, Tammy Harry, Paul Height, Allison Height, Karl Thomson, Bill Fisk and Amy Lennerth.

• Apologies to anyone not mentioned •

MOTORKHANA

Cohen and Bruce Hamilton

Nathan Lowe

Not one to enjoy a pot hole or two, Geoff Wilson. Bounced around the rough top course, but really enjoyed the smoother bottom test area. Finishing with a reasonable average, the Peugeot 405 mi16 driver ended the day in seventh outright with 616.91 seconds from the clock.

Another of the many club juniors, Luke Winterfield threw the yellow Hyundai around everywhere and appeared to be enjoying the challenge. Eighth outright points were his with a total of 621.38 seconds.

Nathan Lowe had a crack in his Subaru Impreza and is improving with every outing. This time he made it to ninth outright with a total of 634.48 seconds for the day.

Rounding out the top ten outright positions, relative newcomer to motorkhana's (first season) Leanne Doddridge is pushing along all the time. Her drive in the black Suzuki stopped the clock at a total of 635.98 seconds.

Written by Geoff Wilson

AUTOCROSS

Jason Winterfield

Aaron Bowering

Nice weather was the order of the day and entrants arrived to a very cool breeze and overcast skies. Even though the club struggled to find sufficient officials to run the event on the long weekend, directors of the day, Paul Height, Kevin Raedel and Curtis Boyd coerced enough people to fill the vital positions to enable the event to run.

The track looked to be in good condition when first inspected and proved to be a great race surface and very quick. With some 50 to face the starter and the cold breeze being warmed by some sunshine, racing got underway at 10am.

Hot shots, Aaron Bowering and Jason Winterfield presented in their Subaru WRX's and set the pace from the first lap along with Kevin Millard sharing Bowering's car, but they did not walk away in their 4wd's.

Young 2wd pilot Nick Cagney got in amongst them along with Gary Brown and Matt Kirby, Liam Lewis, Geoff Wilson and Dion Becker all running under the magic 2 minute lap. Quite a variety of cars on the score sheet!!

Heat 2, same track, same two 4wds, with Millard finding some more pace to make it three in a row, Cagney's commodore a second behind and Jayden Edwards closely following, with Falcon pilot Gary Brown next, in front of Geoff Wilson by 0.02 of a second, next, followed by Dion Becker and Matt Kirby with Barry Edwards rounding out the top ten.

Heat 3 and Aaron and Jason were still flying at the front. Geoff Wilson found some more speed and came in at position three, much to the surprise of his fellow competitors. Not bad for a 69 year old! Matt Kirby also enjoyed this run but was a second behind, with Jayden Edwards filling fifth spot, Cameron Jesse rocking home in sixth spot just in front of Barry Edwards for seventh with Josh Becker making good time in the Sigma to edge out dad, Dion, driving his falcon for eighth and ninth points. Nick Cagney filled the tenth spot.

Apart from the lightning quick Bowering and Winterfield, the score board held a lot of interest at the lunch break.

Directors then saw fit to change a brilliant track and presented a "different" course for all to challenge. For some it worked, for others it did not. Mechanical issues had placed a handful of the hard chargers on the side lines, as no points are awarded if you change your car – necessitated by a breakdown.

Heat 4. Again, Bowering and Winterfield, but Winterfield fastest on this lap to break Bowering's run at the top, with Winny's lap at 1:38.17 seconds just in front of Bowering's 1:39.5 seconds, both under the 1:40 and VERY quick.

Liam Lewis

Matt Kirby

AUTOCROSS

Nick Cagney put in a blinder and ran a 1:45.3 to just pip Dion Becker in his falcon with a 1:46 neat. Kevin Millard after a little off previously, regained some track speed to get fifth fastest with a 1:46.7.

Next one home, Dylan Gregory charged through the jumps to log a 1:46.8 for his quickest round and PB. Liam Lewis came in next with a 1:46.91 followed by Jayden Edwards at 1:47.1, Josh Becker with 1:47.6 and Barry Edwards rounding out the top ten at 1:48.3.

A further track change and away we go for heat 5 and the last round, as the sun disappears and the rain is threatening. No surprise, Bowering and Winterfield, 1:39.1 and 1:40.35 for their last runs, Kevin Millard ,again quick with a 1:45.3 to finish his day. Nick Cagney literally flew around the track and finished the day in his commodore with a 1:45.5 to just head off Dion Becker's falcon flying home with a 1:46.1. Mark Jennings finally put a good lap together to get home in the big falcon with a 1:46.8 for sixth, just in front of Josh Becker with his best lap of 1:46.9. Liam Lewis filled eighth spot with a spectacular 1:47.69, Jayden Edwards next with a 1:47.9 and Ken Moore, getting better by the run, stopping the clock at 1:48.5.

A BIG Thank you to everyone who helped make the Autocross an awesome event.

Curtis Boyd, Paul Height, Kev Raedel, Peter Lock, Alan Balshaw, Allison Height, Aaron Bowering, Mick Cooper, Chris Hortop, Katelyn Bowering, Mark Ryan, Nathan Lowe, Ross Shephard

When all the points have been tallied and some penalties awarded for contact with track markers or off track jaunts, the results (pending checking) show that Aaron Bowering stopped the clock with an extremely quick total of 8:39.44 for outright first, followed by Jason Winterfield with 8:53.23 for outright second. Nick Cagney in his 2wd commodore, had an excellent day and gets the third place points with his total of 9:18.73. Dion Becker also had a best day ever with the big red falcon and a total time of 9:23.71 gets the points for fourth. Matt Kirby, travels from Warrnambool for each round and steers his ford laser well, gets the fifth place points with a total of 9:29.64. Josh Becker, another of the club juniors on the rise, used what he has learnt from dad and drove the " skidma" very well all day. A well earned sixth outright placing with a tally of 9:30.87 for his day, that included fastest laps in his CV.

AUTOCROSS

Murray Height

Josh Becker

Bob Byham

Gary Brown had a ball driving the Jennings' falcon and showed that he is still quick, even though he does not do competitive driving much and practises in a school bus. He managed to string together a few good laps and was rewarded with the points for eighth with a tally of 9:31.83. Dylan Gregory had his best day ever and finished the day with a total of 9:34.91 for the ninth place points against his name. Rounding out the top ten, Bordertown local, Cameron Jesse kept the Subaru out of harms way all day and whilst only having one heat place in the top ten through the day, kept up a good pace to finish with a total of 9:36.12 and points for tenth on record.

Others that should have been in the top ten will look at "what got away" with a breakdown, or error on/off track robbing them of series points.

KHANACROSS

Director of the day, Bruce Hamilton had to work in with Mother Nature on Saturday when he took on the challenge to run the second round of the SEAC Khanacross Series.

Facing a combination of lightning and steady rain, he made adjustments to the course layouts to give the 20 odd brave competitors a bit of track in between lakes around the SEAC Park complex. More akin to a boat race, the first couple of tests were more than a challenge for most, but 4WD Subaru pilots Jason Winterfield, Ryan Poel, Sam Thomas and Ken Trimnell were “enjoying” the less than ideal conditions and were well in front of any of the 2WD contenders.

Youngster Bradley Harry looked to disappear on some of the standing water “lakes”, but put in a drive that would have been envied by those with many more years of experience. Another “boat” floating around in the wet was the big Soarer of Phil Wilson, using all of his rally experience to get the big heavy car around and be up with the front runners.

All cars had a moment or two somewhere out on the very slippery track. Further rain did not help and kept the “lakes” topped up through the day.

Jason Winterfield

Bradley Harry

Sam Thomas

Ryan Poel

Local photographer, Turn8's Darren Archibald and Curtis Boyd took full advantage of the spectacular water splashes and have some very good pictures up on the Club website or Facebook for all to see.

Front runner Jason Winterfield was one of many that had a small misdemeanour on the edge of the track, making contact with the base limestone and altering the front of the very tidy Subaru to such a degree that he had to withdraw, leaving fellow Subaru pilot Sam Thomas to complete the day with the quickest total for the 8 tests completed.

Another of the Subaru runners, Ryan Poel kept it as tidy as was possible in the slushy conditions and came home in Second spot with a total of 664.56 seconds, a little over 20 seconds behind Sam's clock time of 643.11.

Club stalwart, Ken Trimnell in another Subaru WRX found skills that he did not know he had and kept the little green car under some control to get home in Third place with a total of 679.58 seconds.

KHANACROSS

Damien Wilson

Big boat Soarer Captain, Phil Wilson could be accused of actually enjoying the testing conditions present throughout the day. His “style” of driving managed to relocate a considerable amount of the standing water on his test runs but “alas”, Mother Nature allowed for this and dropped more down to top up the many lakes.

The Soarer did well in the sloppy, wet, slippery, muddy conditions and stopped the clock with a total of 692.97 seconds for 8 runs and a few penalties along the way.

At the other end of the scale the Toyota Starlet of Bradley Harry almost disappeared in some of the large water splashes that had developed. He drove extremely well and survived the day with a total of 712.55 seconds good enough to get 5th outright. Considering the track conditions Bradley showed driving skills way beyond his junior years.

Next to float home, Damien Wilson managed to keep the Falcon firing for most of the day and slid his way home to 6th outright with a total of 714.47 seconds a reasonable tally for the big car in the challenging track conditions.

Front wheel drives filled the next 6 positions with a Hyundai Excel (Bailey Perryman 755.32) 7th, Ford Laser borrower (Rian Boyd 772.33) 8th, Ford Laser newbie (Michael Golebioski 780.01) 9th, Ford Laser (Matt Kirby 816.34) 10th, Ford Laser Junior (Caitlyn Shephard 816.34) 11th and Suzuki Swift (Leanne Doddridge 828.67) 12th.

Matt Kirby

Next one on the results list, Bruce Hamilton found enough momentum to keep the Drowning Falcon moving after swallowing some water and get to the finish line on each run. In between Director duties, he also managed to clear out the water ingress from the ignition system on a couple of runs and get back out to give the Falcon Ute a bit more curry and gain more seat time in this relatively new track car. His exploits in the watery conditions ended with a total time of 835.10 seconds and 13th on the finishing list.

Brady Winterfield tried everything in his Hyundai Excel and had been going well, but succumbed to problems with inflation and had to retire but had done enough early to finish the day with a total of 837.82 seconds and points for 14th on the finish list.

Katelyn Bowering experienced a “worst track condition” outing in her short Junior driving time and rose to the challenge in Dad’s Subaru wagon. She managed to get through the day trouble free and clocked up a total time of 867.02 seconds to get home in position 15 and gain some valuable driving experience for future reference.

Katelyn Bowering

Ken Trimnell

KHANACROSS

Caitlyn Shephard

Aden and Corey Brand

Driving a “2-wheel drive” Subaru (no front drive) the two Brands – Aden and Corey – struggled with grip all day – due somewhat to tyre choice – and used a lot more track than other competitors, but both finished the day, with Aden (869.69) in 16th and Corey (925.93) in 18th.

Jason Winterfield scored points for 17th with his early quick runs getting good times balanced out with penalty times for a DNF and non-start for the last rounds bringing him back in the list from the top 3 to 17 with a tally of 876.57 seconds against his name.

Luke Winterfield, driving the family Subaru also suffered when Jason put the car on the trailer. Unable to start, his penalty times added on also dropped him down the finishing order, to 19th, with a total of 933.79 seconds.

Share driving the family Falcon Ute, Cohen Hamilton managed to finish, with a wet ignition on a couple of occasions causing the car to struggle up the hilly bits. Not running in the last round, he also suffered from the penalty time and finished the day 20th, with a total of 1107.97 seconds for a trying day’s outing.

Next one to achieve a finish on the day, newcomer, Blake Golebioski drove the family Ford Laser in conditions that he would not have ever seen before. A finishing time total of 1109.38 seconds will see points for 21st place awarded to him, along with a good helping of experience.

Enduring a very challenging day, Bruce Hamilton thanked all those officials who braved the day and helped to make it somewhat enjoyable from the sidelines.

As always, scores have yet to be checked and may change.

Next round of the Series is Round 3, to be held on 20th October at a venue yet to be advised.
