All Crews will start the event with zero points and the Crew with the lowest aggregate points loss will be declared the winner.

14.8. In the event of a tied overall result at the conclusion of competition the determining factor for event placing(s) will be the lowest time taken of a single pre-determined special test. This result will only determine the final placing and will not affect the total event penalty points scored by the tied Crews.

The pre-determined special test may be nominated by the Clerk of the Course at any time prior to the commencement of competition or should a special test not be nominated then the lowest time taken over the longest distance special test section completed will be the default section for determining event placings as above.
