FROM THE PRESIDENT

Well another month is over, slow down year it's going too quick!

More great events ran by the club.

Ross, Cags & Crew and their Rally Sprint. What can you say? Great roads, jumps, jumps and more jumps. I actually think there were more jumps in 10kms of start line you didn't use, so try harder next year boys! What a well executed event, nothing I love more than an old fashioned trial but this came pretty close.

Legends Hillclimb has progressed a long way in the last month. Still a number of helpers needed, but looking like being bigger and better than last year. The committee has decided to utilise big screen TV coverage at both the top of the hill and down the bottom to make the event much more spectator friendly. And are in the early planning process of an event launch party at the Railway Lands to further showcase our event to the wider community. Please don't be scared to offer help towards the event, every little bit of help makes it easier. The next Legend's meeting is Thursday 17th of May at 7:30pm at SEAC Park.

Wilson Security / BP Gambier West Australian Khanacross Championship is only a month away. This event is gaining lots of interest from lots of states around the country. With a 60 car limit, I think entries will fill up fast. The next few weekends will see lots of work done at SEAC Motorsport Park, getting the track in tip top shape and the venue looking it's best for our visitors. This is another event that will require helpers, I'm sure Paul Heenan and Nathan Lowe would love to hear from you if you're free anytime over the June Long Weekend.

Well better get my car finished for a trip to the southern rally sprint this weekend, safe travels to the locals travelling for events in the next month and good luck to all.

See you all sideways on the dirt somewhere soon ***Kevin Raedel***

NOTICE BOARD

Open Letter to all SEAC members re: social media use

All members would be aware of the need for discretion with the use of social media, as outlined in sup regs and at drivers briefings. All too often text communication can be misinterpreted and taken out of context. While it is a great tool for members to communicate with it can also work against us. Misinformation and incorrect information becomes gospel and grows a life of it's own.

The proposed purchase of transponders is a good case in point. As can be found in meeting minutes this has been under investigation by the committee for close to twelve months and should not have been news to anyone. A committee member spent a great amount of time chasing quotes, prices etc and we debated it so long that the quote expired. He then had to do it all again.

Disappointingly, when the time came to make a decision on the subject, many members joined in the facebook discussion and the facts disappeared out the window with the motion to purchase being lost.

I am not trying to bring up the transponder issue again, just pointing out that we all need to do better when it comes to dealing with important decisions. I know that meeting times don't suit everyone but anyone can drop a written note to someone else who will present the concerns for them.

Previous members took a risk borrowing money to purchase what is now SEAC Motorsport Park and it paid off. If we don't continue to build on their well laid foundations we will stall as a club.

Members elect the committee to operate the club on their behalf and to do it wisely. If the committee has to take every facet of every decision to every member, nothing will ever get done. The club has come a long way since purchasing SEAC Park and I can't think of anything that we should not have done. Some things may have been better done differently, but that is just wisdom in hindsight (which we all have).

This is a fabulous club with facilities the envy of many others. It is up to *all of us* as to how we capitalise on it.
